

## **LEADERSHIP**

Ballots were tallied at our last chapter gathering and the results are now in. Pictured from top, L to R: Phil Ishmael, treasurer; Mike Dooley, president; Chris St. Germain, VP; & Dave Thoeni, secretary. Bottom, L to R: Mark Burrow, Larry Young, Paul Rodriguez and Larry Rhoads, all board members. Thanks to all our members who cast ballots without inciting violence. We certainly anticipate smooth sailing for the next two years. Our new officers will begin serving in January, 2019. Good luck.

EAA Chapter 91, Lee's Summit Municipal Airport (KLXT)  
Lee's Summit, Missouri

# President's Corner

EAA Chapter 91 president, Mike Dooley

Getting it right: for me that's turning into a lot of sanding, pinhole filling, and priming as I finish the composite parts for my RV 8 project. My hat is off to those who build composite planes since I really hate sanding! I do enjoy learning new skills though, and I'm starting to get the hang of spraying primer...with another learning curve to follow when I spray a little finish coat. Who knows, maybe I'll do a car next!

We started renovating the hangar-side restroom in the Eagle hangar on October 27. Our volunteer team is making good progress and should have it back together about the time you read this. Stop on by to check it out.

The next phase of hangar renovation will need a few more volunteers to help with painting a hangar wall, so expect to see another signup sheet soon!

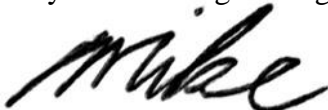

November Chapter 91 highlights include:

- The Instrument Meteorological Club (IMC) meeting on November 12 will focus on all the fine print we tend to overlook on instrument approach plates.
- We will host our first "Flying Start" event on Saturday, November 17 beginning at 9 am. This is a new EAA program intended to bring prospective pilots together with flight schools, instructors, aircraft rental locations, flying clubs, etc. We will share our own experiences learning to fly and will pair prospective pilots with chapter Eagle Pilots for a free introductory Eagle Flight, weather permitting. Reservations are required and the response has been good so far – please contact me if you need to reserve a space for your organization or a prospective pilot.
- Our monthly gathering on November 19 at 7 pm will feature John Miller who tells a story about a friend and his interesting airplane design.

December will feature:

- Cardio-pulmonary Resuscitation (CPR) and Automatic Electronic Defibrillator (AED) training on December 7 (6:30-8:30 pm) and December 8 (9-11 am). Please contact Nancy Inderwiesen at 816 682-1555 to RSVP.
- The Visual Meteorological Conditions (VMC) Club meeting on December 10
- Our annual chili dinner will be held on December 17. This year will be a bit different: Pam Ratliff would like a vacation after cooking chili for about two decades (and a huge thank you to Pam for being our Chili Chef!). We plan to continue our traditional dinner by cooking up a batch of "Chapter 91 Chili" together with toppings, etc. using a volunteer crew. As good as we know this vat of chili will be, we'd also like to sample your favorite recipes, so we'll have a "people's choice" judged chili contest as well. Plan to bring a slow cooker-full of your best if you'd like to compete. As usual, reservations will be required – look for the signup sheet at our next gathering.
- Note: All events are at the Larry Young Eagle Hangar.

See you at the Eagle Hangar!

**EAA CHAPTER 91**  
**MINUTES OF THE MEETING**  
**October 15, 2018**

The meeting of EAA Chapter 91 was called to order by President Mike Dooley at 7:00 P.M. in the chapter meeting room at Lee's Summit Airport. The Pledge of Allegiance was led by Bill Dooley. Greetings were extended to members and guests.

The minutes of the September 17, 2018 meeting as printed in the October newsletter were approved. Treasurer Phil Ishmael presented a report.

Young Eagle Coordinator Chris St. Germain reminded members the next scheduled rally with pancake breakfast would be October 20 with a pot-luck Friday October 19 to begin 6:30 P.M. He also planned an event with Summit Tech on a week day coming up.

A signup sheet was available for anyone interested in forming an independent flying club. Anyone interested could contact Tom Licata. The tiny library would be mounted outside as soon as utilities were marked.

An IMC meeting was scheduled November 12. A Flying Start program would be scheduled Nov. 17 from 8 A.M. to noon. Another fund-raiser during "Tom Jones Meets Elvis" would be November 3 in Independence to sell snacks and beverages. A signup sheet was passed.

Renovation of the hangar restroom would take place October 27 & 28. A date yet to be determined would be set to do hangar sheet metal work to be led by Mike Nault. EAA calendars would be available at \$6.99 on a limited basis. Marvin Moore offered to replace the hangar refrigerator/freezer.

The next chapter meeting was scheduled November 19 with the speaker to be announced. Wayne Moore volunteered to get the meeting room ready before the November meeting. Nancy Inderwiesen volunteered to take care of mowing and Chris St. Germain will handle the trimming over the next months as needed. The next board meeting was scheduled November 5. A CPR class would be set up in December. Wants & Needs: Chris Hope still had carpet squares and shop lights available. Mike Dooley had a B&C 20 amp alternator for sale.

Election results included Larry Rhoads as a board member and Dave Thoeni as secretary. There were no other changes. All incumbents were reelected.

Following a break, Larry Young, as program chairman, introduced the evening speaker, Col. Eric Chapital from Ft. Leavenworth.

The meeting adjourned, 8:45 P.M.

# VETERAN'S DAY CELEBRATION AT LSHS

Chapter 91 member and Lee's LSHS principal Dr. John Faulkenberry has invited us to join the school's assembly for this appreciative nod to our veterans. It reminds our young people America's freedom was bought and paid for by the courage of our fighting men and women who agreed to pay that price. Please notify John you plan to attend. Happy Veteran's Day!

Lee's Summit High School  
Tradition ♦ Pride ♦ Excellence  
400 SE Blue Parkway ♦ Lee's Summit, Missouri 64063-4399  
816-986-2000 ♦ FAX 816-986-2095 ♦ [ls.hs.lsr7.org](http://ls.hs.lsr7.org) ♦ [@LeesSummitHS](mailto:@LeesSummitHS)

Mr. Mike Dooley  
President, EAA Chapter 91  
President Dooley,

On Monday, November 12, Lee's Summit High School will hold its fourth annual Veterans Day assembly. The goal is to honor veterans while helping our students achieve better understanding of the Veterans Day holiday and a greater appreciation of service.

On Monday, November 12, Veterans Day, each student will attend a 35 minute assembly focused upon the significance of Veterans Day and the sacrifices of veterans which have sustained the freedoms and liberties enjoyed by Americans. The best part of our effort is honoring attending veterans. To enhance the experience for our students, we would like to invite any veteran attached to our local EAA Chapter 91 to attend and be honored.

Lee's Summit High School offers two assemblies. Assembly 1, which will include sophomore and senior students, will occur 10:35-11:10 am. Assembly 2, which will include freshman and junior students, will occur 11:30 am-12:05 pm. Veterans may choose to participate in one or both assemblies. To participate in assembly 1, veterans (and any family) must report to the Brockman Lecture Hall by 10:25 am. To participate in assembly 2, veterans (and any family) must report to the Brockman Lecture Hall by 11:20 am. All Veterans participating in the assembly should check in on the west side of the campus (parking lot in between LSHS and the church) where parking spots have been saved.

If you can join us for one or both of the Veterans Day Assemblies, please click on the attached link, fill out the required information, and hit submit. Additionally, please send two digital images (pictures) of the veteran; one taken during service, and one current image, to [sarah.eubank@lsr7.net](mailto:sarah.eubank@lsr7.net). During a portion of the assembly, the service picture will be shown followed by the current picture. For the veteran to be honored during the slide show, we must receive both digital images no later than November 6. Finally, we encourage the veteran to wear his/her service uniform, or a hat representing his/her branch of service. That said, please know that wearing the uniform or a hat is not a condition of attendance.

Here is the link to be followed and filled out. If you cannot get it to open, simply paste the URL of the Google Form into the URL box of your browser.

[Veterans Day RSVP](https://goo.gl/forms/aB4I0435NEMb5aU62) <https://goo.gl/forms/aB4I0435NEMb5aU62>

Thank you for all you do within the community of Lee's Summit. Hopefully some of your members can join us at this special event.

John Faulkenberry, Ed.D.  
Principal, Lee's Summit High School  
400 SE Blue Parkway  
Lee's Summit, MO 64063  
816.986.2006 (O)  
816.986.2095 (Fax)

# IMC Club

Our next meeting of the IMC Club will be **Monday, November 12th at 7:00 p.m.**

How many instrument approaches are available at the Lee's Summit airport? If your answer is a number less than 10, maybe you need to come join us.

When you fly one of those approaches into Lee's Summit, what category does your airplane fall into? A? B? it depends?

Maybe you should join us in a review of the fine print on the approach plates.

We meet at the Chapter 91 EAA hangar at the Lee's Summit Airport. Driving directions - take I-470 to Exit 9, Douglas Drive / Lee's Summit Drive, and turn north. At the bottom of the hill, turn right and follow the road to the end. The Larry Young Eagle hangar is on the west side of the parking lot next to the Cessna on a Post.

There is no cost to sit in on our monthly meetings. And there is no cost to check out the IMC website [www.eaa.org/imcclub](http://www.eaa.org/imcclub). IMC membership is free to EAA members. Not an EAA member? Ask me about a free six-month EAA membership.

Bring a flying friend.

Chris Hope, CFI-I, IMC Club Facilitator  
2018 FAA Flight Instructor of the Year, Central Region

More info about IMC Clubs at: [www.eaa.org/imcclub](http://www.eaa.org/imcclub)

(This invitation is extended to all pilots who are serious about IFR operations.)

# A FEW OF OCTOBER'S YOUNG EAGLES

# OCTOBER'S PROGRAM – COL. ERIC CHAPITAL

When our scheduled speaker had to bail out on short notice again, he did us a real favor. He arranged for Col. Eric “Chappy” Chapital, Director of the Air Force Element at the Command and General Staff College at Fort Leavenworth to come talk to us. And wat a refreshing and enjoyable talk he gave.

Col. Chapital grew up in New Orleans, then graduated from the Air Force Academy in 1993 with a BS degree in aerospace engineering. He proceeded to walk us through his life and career as an air force F-15 weapons officer which included several assignments all over the world. He discussed how his responsibilities increased along with his promotions in rank, and gave interesting glances into his time in the U.K. and Fallujah in Iraq. Since he was speaking with pilots, he detailed how he logged some 2,000 hours in the F-15.

Col. Chapital was a most engaging and down-to-earth speaker who seemed to grab and hold everyone’s attention. After the meeting concluded, he stayed quite a while to address the many questions and comments from Chapter 91 members. He was very well received, and we would love to have him come back again someday. Thanks for your presentation, Col. Chapital. We enjoyed it.

## NOVEMBER'S PROGRAM

Our next chapter gathering will be Monday, November 19 at 7p.m. in the Larry Young Eagle Hangar. The program will be presented by Mr. John Miller who will tell us about a friend’s interesting airplane design which was pursued by the U.S. military. The story of how it evolved and its eventual outcome sounds like something we’d really like to hear. So please plan to join us to hear what we hope will be yet another worthwhile program.

## CPR CLASSES AGAIN BEING OFFERED

Chapter 91 has one good heart defibrillator and is buying another one. But in order to use it effectively, members should know CPR lifesaving techniques and how the AED works. Our own Nancy Enderwiesen, RN, will again help host two training programs in December. I can attest to the effectiveness and strongly encourage you to attend on either December 7 or 8. There is no charge but you will need to ask to join. Call or text Nancy at 813 682-1555 to reserve your spot.

## HANGAR RESTROOM BEING REHABED

Recently Chapter 91 members pitched in to rehab the restroom in the hangar portion of the clubhouse. Some TLC has long been needed, and President Mike Dooley was able to marshal the resources to get the job done. As happens in projects like this, some unexpected conditions cropped up requiring additional effort from what was originally expected. But our stalwart crew soldiered on and tackled them without complaint. We look forward to a much nicer restroom for our members and guests to enjoy at future events. Photos courtesy of Mike Dooley

## CHAPTER 91 HOSTS SUMMIT ACADEMY

Chapter 91 has a long relationship with Summit Technical Academy, an outstanding scholastic program that attracts some of the brightest students from multiple area school districts. The academy prepares students for real life missions and rewards significant college credits to participants in various fields including engineering, nursing, electronics, software development, aerospace engineering, and more.

Last month we participated in the academy's leadership conference, providing demonstrations of building techniques, including Fiberglass, wood, and metal fabrication. We were also able to deliver Eagle Flights to some of the attendees and educators participating in the program. Our thanks to all the Chapter 91 volunteers who assisted with this event. Photos courtesy of Bill Dooley

## **EVER WANTED TO FLY? FIND OUT HOW AT THE EAA CHAPTER 91 'FLYING START' PROGRAM**

Those who have ever thought about learning to fly can find out more on November 17th, as EAA Chapter 91 hosts a "Flying Start" informational program on learning to fly at the Lee's Summit Municipal Airport.

EAA Chapter 91, a local organization that is part of the national Experimental Aircraft Association, is dedicated to growing participation in aviation by sharing the ways people can get started in this fun and fulfilling recreation.

The program will be held from 9 am-noon on Saturday, November 17th, at the Chapter 91 hangar located at the Lee's Summit Municipal Airport, 2750 NE Douglas St. in Lee's Summit, MO. Anyone with an aviation interest are invited to attend; however, space is limited to the first 50 to register.

EAA's Flying Start program introduces interested individuals to the endless opportunities and fun that result in earning a pilot's certificate. The event will cover the steps and requirements in learning to fly, provide tips on how to make it economical.

Chapter 91 will also offer, weather permitting, a free introductory "Eagle" flight for adults (18 and over). Younger participants (teens to age 17) are welcome but should be ready to begin flight instruction and a parent or guardian must sign a permission form (available on site) for them to participate in a "Young Eagle" flight.

EAA approximately 900 chapters around the world, which provide activities for local aviation enthusiasts with a mission of growing participation in aviation by sharing "The Spirit of Aviation." Chapter activities range from monthly meetings, to airport open houses, fly-ins, educational programs, and pancake breakfasts that share aviation with the community and build a stronger bond between local aviation and the public.

EAA chapters are the backbone of the international EAA organization, which has more than 200,000 members. The local organizations include general EAA chapters as well as specialized chapters for Vintage aircraft, Warbird, Ultralight and Aerobatic flight enthusiasts.

For more information about this Flying Start session, contact Mike Dooley, President of EAA Chapter 91 at 816-956-1887.

# WRIGHT DAY SPEAKER IS CHAPTER 91 MEMBER

Please join us Sunday, December 2, 2018 for the  
Greater Kansas City Ninety-Nines Scholarship Fundraiser,  
the **Wright Day Dinner**.

Tickets are \$40 per person, please make your reservation in advance by calling

BJ Vanecek at 816 - 210 - 9582 or Jeanne at 816 - 679 - 6084

BJ Vanecek e-mail: bv64151@gmail.com

Make checks payable to the Greater Kansas City Ninety-Nines

Mail checks to Margaret Daflucas at 317 Seaport Circle, Liberty, MO 64068

You can also pay at the door using cash, check, or a credit card, but payment in advance is preferred.

The Wright Day Dinner will be held at  
- The National Airline History Museum -  
201 NW Lou Holland Drive,  
North Kansas City, MO. 64116

6:00 PM Social Hour  
6:00 PM Silent Auction Begins  
7:00 PM Dinner and Program

Our speaker this year is

~ Sarah Lee Gorelick Ratley ~

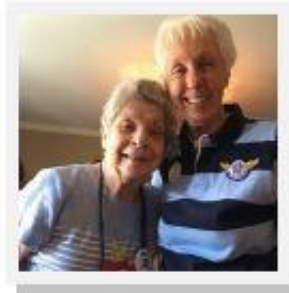

Sarah is an esteemed member of the

Mercury 13 team as well as the Ninety-Nines

Please join us for a night of great fun.

-> To the right is a picture of  
Sarah Ratley (on left).
